Dear Ms. Hiner:

I am very much opposed to the FDA restricting my ability to order compounded prescriptions across state lines. I order natural hormones from a compounding pharmacy in Wisconsin that I want to continue to use. It is my opinion that the synthetic "one size fits all" hormones produced by large pharmaceutical companies are harmful to my health, and others as well. I do not want the freedom to choose what is best for me taken away! I respectfully request that Docket No. 98N-1265 be abolished.

Sincerely,
Roberta Griffiths

98N-1265
